**IMPORTANT - PLEASE READ BEFORE RETURNING YOUR APPLICATION**

**SUBSIDISED NEUTERING SCHEME**

One of the aims of Argyll Animal Aid is to help owners in the Argyll area to neuter their pets who cannot otherwise afford it, keeping their pets healthy and avoiding unwanted kittens and puppies. In order to help more people, we are now offering a year-round subsidised scheme, whereby a portion of the fees are paid by the pet owner. We feel by doing this, we can reach more people who are in need, and offering it on a continual basis, will benefit the animals. Although every application will be taken on its own merits, we have a strict, application criteria capped at two animals per household, and proof of income required from within the past 3 months, along with proof of address. The proportion of payment will be outlined in the acceptance letter. All information given to Argyll Animal Aid is strictly confidential and is not shared outwith the Charity.

Please tick all that apply of the following means tested benefits:
